PROJECT WEBPAGE

The project webpage is available at: <https://digitasia.utm.my>

NOTE: During the project kick-off (in February, 2025) it was agreed that the webpage will be migrated to new address with .eu domain.

Also, further improvements of the content are ongoing.

SO01
To upskill teachers with needed skills for Education 5.0 to create learner centered active hybrid courses integrating learning analytics and other emerging technologies that enable individualization and personalization of learning experience as well as provide a valuable understanding of Industry 5.0 and its implementation in education

SO02
To provide teachers with guided support to successfully transform their teaching practices according to Education 5.0 pedagogies.

SO03
To foster teaching transformation by piloting courses at different levels of education to ensure integration of the new methodologies, teachers' skills and courses developed according to the Education 5.0 pedagogies.

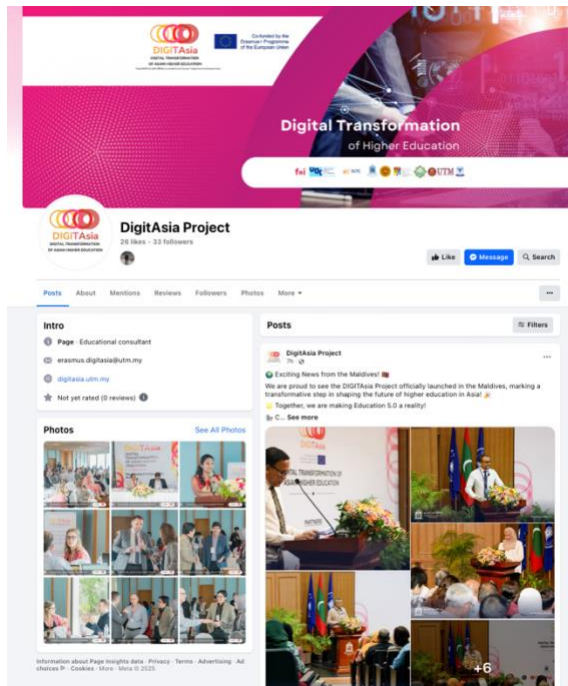

SO04
To create the digital teaching transformation framework with the toolkit for implementation involving an evidence-based quality assurance process for online learning that will ensure a sustainable process of digital transformation.

SO05
To foster peer-to-peer collaboration and learning in the region between institutions.
